## What Residents are Saying

### James C.

"My name is James Champion, and I have lived in the Link Apartments for three years. And I have seen about four managers come and go. I wasn't truly impressed by any of them. And although my lease ends at the end of February I will always remember the the high quality of the Apartments, and the amenities. Out of all the managers since there is new ownership I can say that I'm really impressed by the assistant that runs the office, who's name is Celine. I believe that she would be an excellent choice to manage the Link Apartments. She is very professional, has great verbal skills,

always in a welcoming positive mood, She is also very smart at everything that I have ever needed like, timely handyman repairs, etc, and everything that good managers need to know. She has make the environment very nice."
